SKILLS

Javascript | NodeJs | Express | PostgreSQL | Bcrypt | CSS3 | SASS | Git | Github | Postman | pgAdmin |
HTML5 | Jest | axios | Java | Spring | Spring Boot | Hibernate | React

PROFESSIONAL EXPERIENCE

Devmountain | Lehi, UT

June 2022 - Current

Software Engineer

"Total Guide" - [Github Repo](#)

Java | Spring | Spring Boot | Hibernate | CSS3 | React |

- Programmed an interactive website using React and Spring Boot to minimize barriers to entry for a multiplayer game
- Systematically adhered to a DAO design pattern to separate logic and protect sensitive classes
- Individually designed and created media material and writing content for website cohesion
- Utilized Hibernate to help simplify object-relational mapping within the project

"Defend the Dojo" - [Github Repo](#) | [Demo](#) | [Live Site](#)

JavaScript | NodeJS | Express | PostgreSQL | CSS3 | HTML5 |

- Developed a 2D Tower Defense game using Javascript and Node and hosted on Heroku for public use
- Implemented an audio panel while manipulating game animations to provide pause and music functionality
- Prioritized Object Oriented Programming to allow for easy implementation of new enemy classes
- Incorporated a leaderboard using PostgreSQL to encourage replayability

Liberty University | Lynchburg, VA

September 2021 - March 2022

Academic Evaluator

- Provided individualized advising and academic assistance to more than 1500 residential and online college students
- Managed and organized large amounts of data using Microsoft Excel to track student academic progress
- Responsibly oversaw sensitive information and used best practices to protect student privacy and confidentiality
